

PLASTIC TIE CUTTER

Ega Master manufactures a wide range of electrician tools, among them the new plastic tie cutter, an easy to use and solid tool.

1. The special design of the blades allows cutting the very tightly held cable-ties without damaging the cables.

2. Compulsory in the **automotive, aviation, white line, electricity and network industries** where the use of scissors or knives can involuntarily damage the cables and incur serious safety problems and resolution costs.

3. It allows cutting cables of up to 10 mm in diameter.

Tested for total safety!

Scissors and knives damage the cables.

With Ega Master's new plastic tie cutter **you can cut the cable-ties safely.**
