

TOOLACO BELT

The EGA Master tool belt is a fundamental tool in various industrial sectors, as it enhances the efficiency, safety, and comfort of the worker.

Its design and technical features are intended to withstand intensive use and adapt to the specific needs of each user.

1. It allows for the organized storage of tools, facilitating access and reducing search time.

2. It keeps tools within reach, allowing the user to perform tasks **without having to constantly** move to a storage location.

3. It reduces the risk of tool drops or losses.

4. It can be adapted to different types of tools and accessories, from screwdrivers and wrenches to tape measures and hammers.

5. Abrasion-resistant and moisture-resistant nylon, easy to clean.
